Gen With Gazza away in London, Dan continued his training with Dave with a stonkingly big pale, hoppy beast of a brew, the strongest "full run" beer we've made this far.

Many varieties of hops went into the copper (and casks) including Simcoe, Galena, Chinook, Nelson Sauvin and Citra and these should, allied to pure pale malt and a touch of wheat malt, give a hop experience to savour!

We know what hops are for...
